WHITE WINE

CHARDONNAY

Chardonnays captivate the senses with aromas and flavours of citrus, stonefruits, apples and pears. In warm climates they attain tropicality. Sometimes barrels of varying ages are used to add layers of complexity, but the best are always balanced by fresh acidity.

SAUVIGNON BLANC

Tropical, perfumed, herbaceous and always with high acidity, Sauvignon Blancs are the best choice to pair with salads and cold seafood. Drink it chilled, but not too cold, and allow the aromatics to swirl and dance out of the glass.

RED WINE

CABERNET SAUVIGNON

Cabernet Sauvignon is beloved for its full-bodied mouth feel, its ripe aromatics, its kinship with oak, and its compatibility with food. Young Cabernets often display a “chewiness” or “grippy” quality in the mouth; this is tannin, which is tamed by rich foods such as steak or chops.

MALBEC

One of the most full-bodied red wines, Malbec thrives in Argentina’s Mendoza region. Like Cabernet Sauvignon, Malbecs have plenty of tannin and palate weight and they go very well with any grilled meats.

MERLOT

The finest Merlot is grown in the clay soils of Pomerol, France, but excellent examples can be found worldwide in California, Washington, Australia, Chile and Canada. Merlots are supple, round, juicy wines. Often Merlot is blended with Cabernet Sauvignon, Cabernet Franc and Shiraz. You may find aromas of cherries, plums, blackberries, chocolate, fruitcake, and baking spices. On the palate, Merlots are dark and rich but they are satiny, playful wines. The perfect partner for Filet Mignon

SHIRAZ

Full bodied, rich and fruity with floral, violet aromas and peppery flourishes, Shiraz is Australia's greatest red grape. It adapts very well to different environments, often displaying more savory, meaty nuances when grown in cool places.
